## Kristina I. Bach

Vice President of Innovation

RA, AIA, NCARB

WELL AP, LEED AP BD+C, ID+C, O+M, ND, HOMES

Fitwel Ambassador

### Summary

Kristina Bach serves as Vice President of Innovation with Sustainable Investment Group (SIG). In this role, she provides insights into emerging trends, software and technology within the built environment. Her focus is on developing new resources for SIG's consultant teams as well as cultivating new opportunities to better support our clients in meeting their sustainability initiatives.

Kristina utilizes her background in the traditional architectural design and construction realm to help clients integrate sustainability practices within their projects. Her pragmatic approach to certification ensures that clients are incorporating the practices that will best serve their organization's needs and goals. As a former LEED Reviewer for GBCI, Kristina has helped hundreds of projects achieve LEED certification. Additionally, her project management experience extends to guiding projects through various other sustainability systems including WELL, Living Building Challenge and local standards.

Kristina maintains the following sustainability industry credentials:

- LEED Accredited Professional:
  - Building Design + Construction (BD+C)
  - Interior Design + Construction (ID+C)
  - Operations + Maintenance (O+M)
  - Neighborhood Development (ND)
  - Homes
- WELL Accredited Professional
- Fitwel Ambassador

Kristina's wealth of project experience and in-depth knowledge/background in the nuances of sustainability certifications enables her to be a strong resource to project teams and individuals wishing to get more involved with the sustainability movement.
